

Competence questionnaire evaluation criteria

The applicant is excluded from further participation in the procurement procedure if it fails to submit the Competence questionnaire or if at least two of the following criteria occur at the same time:

- The supplier uses less than five types of BIM applications (Section 3.1);
- The supplier has not implemented any projects in the BIM environment during the last 3 (three) years (i.e., 2019, 2020, 2021 and before the date of submission of the offer in 2022) (Section 3.2);
- The supplier has not developed or approved for internal use, any documents governing the application of BIM, such as protocols, procedure descriptions, guidelines, modelling requirements or other documents (Section 3.3);
- The Supplier has no experience in working with at least two international, European or national BIM standards (Section 3.4);
- The supplier does not provide external BIM training for its personnel (i.e., has not ensured the participation of at least one employee in at least two different training seminars, courses or other training events, Section 3.5);
- The supplier does not use any software related to BIM (Section 4.1);
- The supplier has no employees in charge of BIM processes and/or BIM development (Section 51).
