

Criteria for evaluating the pre-contract BIM execution plan

The applicant is excluded from further participation in the procurement procedure if:

- the Pre-Contract BIM Execution Plan has not been submitted;
- the Responsibility Matrix has not been submitted;
- not all sections of the Pre-Contract BIM Execution Plan have been completed;
- the information provided does not meet the conditions set out in the BIM requirements;
- the content and subject matter of the provided information do not correspond to the titles of paragraphs/sub-paragraphs of the BIM execution plan template and the instructions given in italics;
- the responsibility matrix does not list all the deliverables requested in the special requirements of the project;
- at least one 3D BIM model in at least one phase of BIM development in the Responsibility Matrix has a lower level of development than specified in the special requirements of the project.
